Thanks for being understanding Steve.

Larry consider this a deadlines for those 2 other reviews.

>>> <Tzhone.Stephen@epamail.epa.gov> 9/16/2010 10:39 AM >>>

No problem. In fact, aim for Wed 9/22 before noon. Hope the conference sessions went well.

Luda and Steve -

I very much want to look at the Tissue SAP and Tech memo. I did not have an opportunity to review the response to comments as I was on vacation. Since I wrote about 70% of the comments, I think it is important for me to do so. Steve, I have been slammed with performance reviews since my return. I worked all day Sunday and as you know, was at the Dioxin conference yesterday (thanks!). I have other obligations that are due Thursday and Friday this week.

Please consider allowing me by COB Monday at least or COB Tuesday at most to do this. Please also forgive this breach of protocol by e-mailing you directly, Steve. I felt like it was ok this time.

Respectfully,

Vickie

FYI

Do you have any additional comments on Draft Final Tissue Sampling and Analysis and Draft Final Technical Memorandum on Bioaccumulation Modeling?
Please, let me know by Mon., Sep. 20.

Thanks!

Luda V.

>>> <Tzhone.Stephen@epamail.epa.gov> 9/14/2010 11:16 AM >>>
Hi Luda, Jessica, Steve:

1) Draft Soil Sampling and Analysis Plan:

- * Proceed with review. Our internal EPA/TCEQ/Trustees/HC meeting will be on Fri 10/8 at TCEQ. I'll send the room and times info as we get closer, plan for all day.
- * Please send in your comments prior to this internal meeting.

2) Draft Final Tissue Sampling and Analysis:

- * Respond with 'additional comments' or 'no further comments' by Mon 9/20.
- * The comments and resolutions grid is included as Appendix C. If no further comments, the next step will be authorization for field implementation.

3) Draft Final Technical Memorandum on Bioaccumulation Modeling:

- * Respond with 'additional comments' or 'no further comments' by Mon 9/20.
- * The comments and resolutions grid is included as Appendix C. If no further comments, the next step will be authorization for field implementation.

Thanks,

Stephen L. Tzhone

Subject: SJRWP: Soil SAP, Revised Tissue SAP & Revised Bioaccumulation Tech Memo

Dear Steve-

On behalf of McGinnes Industrial Maintenance Corp. and International Paper Company, Integral and Anchor QEA have posted the following documents on the San Jacinto River Waste Pits document portal, in the folder called "SJRWP Site - Working Documents":

- Draft Soil Sampling and Analysis Plan

Hardcopies of this draft document are being sent to you (2 copies), Edwin Barth of EPA (1 copy), and Luda Voskov of TCEQ (3 copies) by Federal Express today, for delivery Monday. Appendix B of the Soil SAP, which provides the laboratory standard operating procedures and quality assurance manual, is lengthy and has been burned to CD, and included with the hardcopy deliverables in CD form only.

In addition, we have updated the portal with the following documents; these have been revised according to EPA comments:

- Draft Final Tissue Sampling and Analysis Plan
- Draft Final Technical Memorandum on Bioaccumulation Modeling

Revised documents will be provided in hardcopy following your approval of the revisions.

These documents are submitted pursuant to CERCLA Docket No. 06-03-10, UAO for RIFS
